Summary

As a lifelong learner with a growth mindset, I actively seek new skills and knowledge to broaden my expertise and contribute to my goal of becoming a professional engineer. This continuous learning fuels my creativity and allows me to adapt to challenges with fresh perspectives.

Education

Bachelor of Technology in Computer Science and Technology	May 2024
• Silicon University,Bhubaneshwar; CGPA: 7.93	
12th CBSE	May 2020
• Dav Public School,CDA,Cuttack; Score:72.6	
10th CBSE	May 2018
• Dav Public School,CDA,Cuttack;Score:89.4	

Technologies

Programming Languages: C++ , Python, JavaScript (with proficiency in OOP concepts)

Web Development : HTML, CSS, JavaScript (including React) ,SQL (experience with DBMS like MySQL or PostgreSQL)

Cloud Infrastructures: AWS, Azure

Transferable skills: Leadership, Team Work, Communication, Problem Solving

Projects With Certifications

Machine-Learning using Python(Silicon University)	Project-link
• Developed and implemented logistic regression models to predict customer behavior,resulting in a 20% increase in targeted marketing campaign effectiveness and boosting overall conversion rates by 18% within the first quarter.	
• Model is able to predict with accuracy of 73.3% and precision of 76.4%	
• The ML Certificate- This ML certification validates my experience in designing and developing a ML model.	
• Training Period-1 Month	
Web-Development(Udemy)	Project-link
• Personal Portfolio Website (Vite + React)	
• Utilized Vite for a fast development experience and React to create a dynamic and interactive portfolio showcasing my skills and projects.	
• Implemented clean and responsive design for optimal viewing across devices	
AWS-Masters(Ingenious-tech)	Project-link
• Configured web and database servers with load balancer, Auto Scaling, and SSL Certification.	
• Migrated a web-server across AWS regions and an on-premise database to AWS RDS.	
• Set up various connectivity, mounted AWS S3 bucket on Linux/Windows platforms, and enabled versioning & MFA-delete on a S3 Bucket.	
• The AWS Master's Certification- Validates my DevOps based applications, and building CI-CD pipelines	

Involvement and Achievements

Involvements:

- **Youth for Sustainability, Silicon Institute of Technology** • February 2021 - November 2022
- Led the Youth for Sustainability chapter and organized community initiatives, executed events, and educated members.

Achievements:

- 1st Position in CNC Campus Clutch 2023 - VALORANT
- 2nd Position at SOA National Sports Meet - VALORANT
- Hobby: Chess (1800 ELO Rating)
